

BRITA CLARITY Taste

Water is H₂O - but not just. Tap water varies greatly from place to place. That's why we have created top-notch filtration solutions for over half a century. We are committed to excellent quality - and to outstanding hygiene. Our features ensure great water, at all times.

CLARITY Taste 50/100

Water filter: Crystal clear water for cold drinks.

The BRITA CLARITY Taste filter unites activated carbon technology with a pre-filter. This dynamic duo preserves minerals in water while removing unwanted substances, such as microplastics and chlorine. The result is crystal-clear water with a reliably refreshing taste. What's more, the filter protects the dispenser against downtime caused by fine particles, such as rust and sand.

BRITA CLARITY Taste 50/100 filters are compatible with:

- VIVREAU Top 15
- VIVREAU Top 50/85
- VIVREAU Extra I-Shape
- VIVREAU Extra C-Shape
- VIVREAU ViTap
- VIVREAU Fill
- VIVREAU Bottler

The right balance
Preserves minerals in water.

Activated carbon filtration
Reduces substances that impair taste and odour.

Pre-filter
Removes coarse particles.

• **Filter capacity:**
Taste 50: 4,000 l
Taste 100: 11,500 l

• **Perfect-tasting water**
with ideal properties

• **Protects equipment**
and therefore lowers
dispenser maintenance costs

Benefits of BRITA CLARITY Taste

Reduces fine particles such as microplastics or sand

Reduces metals such as lead

Reduces pharmaceuticals, pesticides and hormones

Reduces chlorine taste and odour

Reduces organic impurities

Reduces asbestos fibers

CLARITY Taste 50/100

Technical data

Model	Taste 50	Taste 100	Taste 50R (retrofit)	Taste 50R (retrofit)
Technology	activated carbon filtration			
Water intake temperature	4°C to 30°C			
Ambient temperature for operation	4°C to 40°C			
Ambient temperature for storage/ transport	-20°C to 50°C			
Water inlet and outlet connection	CLARITY filter head JG 8mm		Everpure filter head	
Operating pressure	2 bar to 8.6 bar			
Flow rate at 1 bar pressure loss	180 l/h			600 l/h
Operating flow range and associated pressure loss	40 l/h to 220 l/h 0.2 bar to 1.5 bar	40 l/h to 220 l/h 0.2 bar to 1.3 bar	40 l/h to 220 l/h 0.2 bar to 1.5 bar	40 l/h to 350 l/h 0.1 bis 0.4 bar
Nominal filter capacity	4,000 l	11,500 l	4,000 l	11,500 l
Operating position	horizontal or vertical			
Efficacy				
Reduction of particles such as micoplastics or sand	≥ 0.5 µm (NSF 42, Class I)			≥ 2.0 µm (DIN EN 13443)
Reduction of asbestos fibres	> 99.9 % (NSF 53 tested by independent laboratory)			pending
Reduction of metals such as lead	> 90 % (DIN EN 14898)			
Reduction of chlorine	> 90 % (DIN EN 14898, Class I) and > 50 % (NSF 42)			
Reduction of organic impurities such as benzene	> 90 %			
Reduction of pharmaceuticals, pesticides and hormones such as naproxen, lindane, estrone	>90% up to at least 4,000 l (CLARITY Taste 50/50R) and 8,000 l (CLARITY Taste 100/100R)

The food-grade quality and safety of BRITA water filter products are tested and verified by independent institutions

*applies to all materials that come into contact with water

Contact us today and let's talk about your BRITA VIVREAU solution | www.brita.net

Dependable hygiene

Solutions that give you peace of mind.

BRITA's built-in safeguards keep dispensers squeaky clean by reliably removing bacteria, microbial cysts and more.

We take an end-to-end approach to hygiene, starting with the manufacture of our BRITA VIVREAU dispensers in Italy. Our recently established production facility is equipped with the latest hygiene technology. And our service technicians observe strict safety measures when they install your dispenser - ensuring the best-possible start.

Our dispensers' BRITA ThermalGate™ feature heats the tap to defend against contamination from external sources. And our optional BRITA HygienePlus solution - developed based on over 20 years' experience of the healthcare market - provides outstanding hygiene. Both have been tested and validated by independent institutes.

What's more, you will find cleaning instructions and guidance on our website - and we offer a proven portfolio of tailor-made cleaning products.

End-to-end hygiene
Starting with the dispensers' manufacture in Italy

Product features
BRITA ThermalGate™ and BRITA HygienePlus

Regular cleaning
Ensures safety and a long product life

BRITA ThermalGate™

Hygiene feature: BRITA's powerful thermal disinfection solution.

The tap of a typical water dispenser is exposed: a sneeze or touch of a hand, for example, can introduce germs. Without a robust safeguard, microorganisms on the wet tap can go on to contaminate the dispenser. That's why our BRITA VIVREAU dispensers include our ThermalGate™ feature. This automatically and regularly heats the tap to protect against contamination. So you can sit back and relax – knowing you have a proactive, powerful defence against germs, tried and tested by an independent laboratory (Ruhr District Institute of Hygiene).

ThermalGate™
Protects against retrograde contamination.

The tap is automatically heated to over 125°C at regular intervals for thermal disinfection.

ThermalGate™ is continuously active, providing protection not only at peak times, but also during periods of inactivity, e.g. at night or on weekends

Does not require manual effort or chemical additives

Developed on the basis of over 20 years' experience in the healthcare market.

BRITA VIVREAU water dispenser

I was looking for ways to help us meet our CSR goals and shrink our carbon footprint. In BRITA VIVREAU, I found the right self-service water dispenser for us. It has helped cut down single-use plastic waste in our office. Plus, we can count on great-tasting water, whenever we want. Brand-name BRITA filtration technology gives us peace of mind.

VIVREAU Top 50/85

Versatility meets reliability.

Medium or high capacity versions

Easy Access Panel additional control device (can be optionally installed and flexibly positioned)

The BRITA HygienePlus solution (which combines an inlet filter, thermal disinfection, and a bacterial filter) provides effective protection for dispensers. Developed on the basis of over 20 years' experience in the healthcare market, it is designed for environments where hygiene is of the utmost importance, and is optionally available for BRITA VIVREAU Top 50/85.

• **Intuitive display and choice of buttons:** choice of touch or mechanical buttons to select water type

• **ThermalGate™** powerful thermal-disinfection feature supplied as standard

• **High-quality materials** stainless steel

• **Focus on sustainability** R290 natural refrigerant and extremely low power consumption

Ideal for e.g.

- Staff rooms
- Reception areas
- Lobbies
- Meeting rooms
- Gyms and fitness zones

Benefits

- Unlimited unchilled still or chilled still, sparkling or semi-sparkling water
- BRITA's ThermalGate™ feature protects against retrograde contamination from external sources
- Capacity: 50 l/h or 85 l/h

Two installation options

- Countertop
- Floorstanding

VIVREAU Top 15

Small capacity. Zero compromises.

Cooling capacity tailored to lower consumption needs

• **ThermalGate™** powerful thermal-disinfection feature supplied as standard

• Leakage detection system as standard

Pre-programmable portion setting and water temperature

• **Ideal for e.g.**
• Staff rooms
• Executive lounges
• Meeting rooms
• Fitness zones

Benefits

- Choice of unchilled still, chilled still or sparkling water
- BRITA's ThermalGate™ feature protects against retrograde contamination from external sources
- Capacity: 15 l/h

Two installation options

- Countertop
- Floorstanding

VIVREAU Extra I-Shape

Stylishly minimalistic.

ThermalGate™ • powerful thermal-disinfection feature supplied as standard and protects against retrograde contamination from external sources

Easy Access Panel additional control device (can be optionally installed and flexibly positioned)

Benefits

- Unlimited unchilled still or chilled still, sparkling or semi-sparkling water
- Only the tap is installed on the work surface; the cooler-carbonator is concealed below the counter
- Capacity: 50 l/h or 85 l/h

Two heights

- Tall tap (dispensing height: 330 mm)
- Short tap (dispensing height: 260 mm)

The BRITA HygienePlus solution (which combines an inlet filter, thermal disinfection, and a bacterial filter) provides effective protection for dispensers. Developed on the basis of over 20 years' experience in the healthcare market, it is designed for environments where hygiene is of the utmost importance, and is optionally available for BRITA VIVREAU Extra I-Shape.

- Medium or high capacity versions
- High-quality materials stainless steel
- Focus on sustainability R290 natural refrigerant and extremely low power consumption

Ideal for e.g.

- Executive lounges
- Bars
- Kitchenettes
- Breakfast buffets
- Staff rooms
- Wellness and spa areas

VIVREAU ViTap

A stylish dispenser for chilled, sparkling and hot water.

• Anti-scalding feature for hot water

• Easy-to-clean removable nozzles

• Stainless steel tap

• Drip tray with direct connection to waste water system

• Choice of up to five different configuration options

• Perfect water flow with zero splash

Ideal for e.g.

- Executive lounges
- Bars
- Kitchenettes
- Breakfast buffets
- Staff rooms
- Wellness and spa areas

Benefits

- Attractive design; easy to use
- Various combinations of chilled, sparkling and hot water to suit every environment
- Only the tap is installed on the work surface; the cooler-carbonator and boiler are concealed in the base cabinet

Two heights

- ViTap (dispensing height: 240 mm)
- ViTap Plus (dispensing height: 340 mm)

VIVREAU Fill

Speed, power and precision.

TwinFilling •
efficiently fills two
bottles/glasses
simultaneously

ThermalGate™ •
thermal-disinfection
feature protects
against contamination
from external sources

BRITA CLARITY Taste 100 •
filter included: preserves min-
erals in water while removing
unwanted substances.

- **Touch display** for intuitive selection of water types and usage settings
- **SmoothFinishing** portion control to fill bottles/glasses without overflow

- **BottleGuard** to easily position bottles/glasses on the drip tray for precise filling

- Ideal for e.g.**
- Conference rooms
 - Restaurants
 - Events
 - Canteens/cafeterias
 - Bars

Benefits

- BRITA's most powerful water dispenser with the highest cooling capacity
- Unlimited unchilled still or chilled still, sparkling or semi-sparkling water
- Dispensing capacity 120 l/h

Three installation options

- Floorstanding
- Countertop
- Tap unit with three drip tray types

A 360° solution

BRITA VIVREAU - for total peace of mind.
